## TELL THEM YOUR VOTE COUNTED

On October 17th, the citizens of Carver voted 1064 to 640 not to support a Prop 2 ½ override. Our taxes are already too high. The School Committee and Superintendent of Schools, in their arrogance, didn't like the way we voted so they are trying to make us vote again on this same issue.

We urge all voters to contact the School Committee Members and our Selectmen and tell them to show some RESPECT to the voters and HONOR our vote.
