Tale of two Towns

A question for the Town Fathers – Why is it that Chief Thomas from Weymouth had his gun and badge taken from him and placed on Administrative Leave for telling one inappropriate joke in mixed company and Chief Arthur Parker who had numerous Sexual Harassment and Discrimination lawsuits pending against him and thus the Town, has nothing done to him.

After all, both Weymouth and Carver have the same Law Firm: Koplemen and Paige. Also, the same Senior Partner who put Chief Thomas out on leave: David Jenkins is the same lead Attorney for the Town of Carver Do the Selectmen, Town Administrator and Koplemen and Paige not care about the financial liability of the Town of Carver, or does it run deeper than that?
